Vote FOR Issue 33 on or before Tuesday, March 17th

Paid for by County Action Committee
ISSUE 33 HELPS MEET OUR GROWING NEEDS

• 400,000 residents — 1 out of 3 people — use Health and Human Services every year.

• Cleveland is the second-poorest major city in the country and one of the areas hardest hit by the opioid crisis.

• People here are getting older. Our county has more residents over the age of 60 than we have under the age of 20.

ISSUE 33 IS A SMALL INVESTMENT

• Issue 33 would increase the current Health and Human Services levy by just 0.8 mills.

• If passed, Issue 33 would cost property owners an additional $3.42 per month — $41 more per year — for every $100,000 in property value.

ISSUE 33 WILL HAVE A HUGE IMPACT

Issue 33 will make it possible for our Health and Human Services system to:

• Continue critical services.

• Reduce infant mortality and save babies’ lives.

• Protect thousands of children whose families have been destroyed by the opioid crisis.

• Get more people into mental health and addiction treatment, and divert people into treatment instead of sending them to jail.

• Help older residents stay strong, independent and in their homes.
